

Exhibit 6: Public Statements on Risks of AI

Date	Company / Developer	Name	Role	Statement	Source
2/11/2025	Anthropic	Dario Amodei	CEO	"Advanced AI presents significant global security dangers, ranging from misuse of AI systems by non-state actors (for example on chemical, biological, radiological, or nuclear weapons, or CBRN) to the autonomous risks of powerful AI systems."	Part of statement from Dario Amodei on the Paris AI Action Summit
9/12/2026	Anthropic	Dario Amodei	CEO	"It's my worry that in 6–12 months such a swarm could be capable of taking over the entire internet with a persistent botnet, (potentially causing hundreds of billions of dollars in damage)..."	Excerpt from the "We Must Pace the Frontier" essay by Amodei
8/23/2026	OpenAI	Chris Lehane	Chief Global Affairs Officer	"People are going to be able to access these open-source models and be able to have ongoing, persistent attacks on you, and you're going to need to have really superior models to fend them off and defend yourself."	Excerpt from interview with The Guardian
9/6/2026	OpenAI	Jakub Pachocki	Chief Scientist	"This is a time that calls for extreme caution. I am concerned no one is prepared for the consequences of a continued rapid rise in machine intelligence. OpenAI will continue to seek technical solutions to alignment and monitoring, to build defensive systems and unilaterally withhold further scaling as needed; however, I believe broader interventions are required."	Excerpt from "An Alien Mind" article published on OpenAI's website
9/14/2026	OpenAI	Sam Altman	CEO	"No amount of American competitive pressure should justify recklessness, or let capabilities get ahead of alignment and monitoring."	X Post
9/8/2026	Anthropic & OpenAI	Jacob Coxon	Former researcher at Anthropic & OpenAI	"[Anthropic and OpenAI] are racing straight to self-improving superintelligence and gambling with our lives."	X Post
9/14/2026	Google DeepMind	Bilal Chughtai	Former Research engineer	"Worse, we are not on track to solve alignment in time: frontier AI capabilities are improving much faster than our understanding of AI alignment." "I earnestly believe that AI has the potential to kill us all, and that we might be running out of time to avoid this outcome."	X Post (following Amodei's Sept. 12 essay)
6/9/2026	SpacexAI	Devin Kim	Former xAI engineer	According to Kim's lawsuit: "xAI's failure to prioritize AI safety, particularly with respect to Grok, virtually guaranteed that the Company would commit unlawful acts, from fomenting discrimination to proliferating weapons of mass destruction."	Wrongful termination lawsuit filed against xAI and SpaceX by Kim
9/12/2026	SpacexAI	Elon Musk	Founder	"Dario is right."	X Post (in response to Dario Amodei's Sept. 12 essay)
